

In the museum You will found ancient household items, peculiar and valuable things that were found in waste, and some thought that it is unuseable. For instance, in exposition You can see historical spinning wheel, dowry chest, women`s toilet cabinet from 19th century, and sewing machines from different periods, electrical appliances and many other interesting household items.

Currently the exhibition features more than 500 different items, but their number is constantly growing.

Guided tours are free of charge.
